

Welcome!

Become a part of shopmate

Why shopmate?

Through our modern and clear design, we reach young people, families, and best agers alike. With our exclusive offers and top rates, we make cashback attractive for everyone – from experienced cashback users to new audiences.

We focus on customer needs: an intuitive shopping experience, inspiring theme worlds, trending shops as well as clear and easy handling. Modern design, transparency and intuitive user guidance make cashback easily accessible & fun.

Cashback is still a relatively unknown concept for many users who have been conditioned to promo codes over the past years as the only way to save money during online shopping. Thus, we are on an educational mission to explain cashback and to make it easily accessible and understandable for everybody.
